PETITION TO WITHDRAW HOLDING OF ABANDONMENT UNDER 37 CFR § 1.181

Commissioner for Patents
PCT Petitions Office
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Examiner:

Applicant respectfully requests that the Notice of Abandonment mailed March 20, 2009 be withdrawn for failure to respond to the Notification of Missing Requirements mailed June 27, 2008. Applicant made a bona fide attempt to reply to a Notice of Insufficient Fees of \$2,950 mailed June 27, 2008 by filing a response to the Notice of Insufficient Fees (Form PCT/DO/30/923) on August 7, 2008. If the examiner believes that the response of the Applicant filed on August 7, 2008 was non-compliant or parts of the response omitted, then Applicant respectfully requests that a new time period be given for reply under 37 C.F.R. § 1.134 to supply the omission, because Applicant was never given notice of any non-compliance or insufficiency of the August 7, 2008 reply.

Statement of the Facts

1) Applicant filed a U.S. national phase application of PCT/IN2004/000142 under 35 U.S.C. 371 on September 18, 2006, including a Transmittal Letter to the United States Designated/Elected Office (DO/EO/US) Concerning a Filing Under 35 U.S.C. 371, stating on page 3, "The Commissioner is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 14-0112".

2) An executed inventors' declaration was filed with the national phase filing on September 18, 2006.

3) At the time of filing, Applicant submitted a clean substitute specification to be examined. The clean substitute specification was listed on the date stamped filing receipt and transmittal letter as 27 pages of the specification, 8 pages of claims, 1 page of the abstract and 8 sheets of drawings.

4) Applicant also submitted a marked up-copy of the specification as indicated on the stamped filing receipt and transmittal letter.

5) Applicant submitted a Statement Under 37 CFR § 1.125 stating the clean copy of the substitute specification contained no new matter over that contained in the original application.

6) Other items submitted with the national phase application are listed on the date stamped filing receipt and transmittal letter.

7) Applicant paid \$1,340 for fees which included \$400 for 8 claims over 20 on September 18, 2006, the filing date of the application.

8) On June 24, 2008, applicant received a Notice of Acceptance and Official Filing receipt indicating that September 18, 2006 was the date of receipt of requirements under 35 U.S.C. § 371 and completion of all requirements under 35 U.S.C. § 371. The Notice was sent by USPTO employee Paulette R. Kidwell.

9) On June 27, 2008, Applicant received a Notice of Insufficient Fees, Form PCT/DO/EO/923, sent by USPTO employee Paulette R. Kidwell. The notice stated that additional claim fees of \$2950 were due for 67 total claims over 20. A two month reply was set from the date of the notice with extensions of time permitted.

10) Along with the Notice of Insufficient Fees there was received a Letter Regarding a New Notice and/or Status of the Application, stating the applicant may disregard the previous notice mailed on June 24, 2008.

11) Applicant timely submitted a response to the Notice of Insufficient Fees on August 7, 2008, despite the fact that the notice ignored the statement regarding "The Commissioner is hereby authorized to charge any additional fees which may be required to Deposit Account No. 14-0112"

on applicant's transmittal letter. Applicant submitted a clean substitute specification containing the description, claims and drawings in response to the Notice.

12) A marked up copy of the specification containing the description, claims and drawings was submitted showing the changes made. A Statement Under 37 § 1.125 was also submitted.

13) Applicant stated in the response that the "substitute specification submitted herewith removes the additional claims that were noted on the Notification of Insufficient Fees".

14) Applicant further stated again in the response "The Commissioner is hereby authorized to charge any deficiency or credit any excess to Deposit Account No. 14-0112".

15) On March 20, 2009, Applicant received a Notification of Abandonment stating "Applicant has failed to respond to the notification of *MISSING REQUIREMENTS (Form PCT/DO/EO/905)* mailed June 27, 2008 within the time period set therein" as sent by Ms. Paulette Kidwell.

16) On March 24, 2009 applicant called Ms. Kidwell and left message stating applicant had timely responded to the *Notification of Insufficient Fees* on June 27, 2008.

17) On March 25, 2009, Ms. Kidwell returned the call stating she could not accept our response.

Remarks

Applicant believes that a *bona fide* attempt was made to timely respond to the Notice of Insufficient Fees by submitting a reply on August 7, 2008 containing the clean substitute specification including description, claims and drawings; a marked-up copy of the specification including description, claims and drawings; and a Statement under 37 CFR § 1.125. It was stated in the third paragraph of the response that applicant believed the substitute specification submitted removed the additional claims that were identified in the Notice.

Due to the numerous amendments made by Applicant in the international stage to the claims under Article 19, to the specification, to the claims and drawings under Article 34 over a period of time through three letters sent to WIPO and the EPO and later in the national phase with drawing amendments, it was believed the best way to incorporate the changes Applicant wanted, was to submit a substitute specification including the description, claims and drawings. Applicant believed the first substitute specification submitted with the description, claims and drawings on September

18, 2006 with the national phase entry, was not clearly evident with the application papers and was difficult to discern from the publication and amended publication. Thus, in response to the Notice of Insufficient Fees, Applicant submitted for a second time, an easily discernable clean substitute specification with the description, claims and drawings and a marked-up copy of the specification.

Applicant believed that the substitute specification was in compliance with the rules under 37 C.F.R. § 1.125 (a) which states "if the number or nature of the amendments or the legibility of the application papers renders it difficult to consider the application, or to arrange the papers for printing or copying, the Office may require the entire specification, *including the claims*, or any part thereof to be rewritten". Applicant believed by submitting a substitute specification to include the description, claims and drawings with a statement that the substitute specification included no new matter, that the entire specification to include the description, claims and drawings would be in compliance with the rules for submitting a substitute specification. Applicant included a marked-up version of the substitute specification showing the matter being added to and the matter being deleted as part of the submission of the substitute specification.

However, after more inspection of the rules, the applicant has found under 37 C.F.R. § 1.125(b) the statement "A substitute specification, *excluding the claims*, may be filed at any point up to the payment of the issue fee...."

While there appears to be some variance between the rules of 37 C.F.R. S 1.125(a) and (b), regarding the claims, Applicant also stated in the response, submitted on August 7, 2008, that the "Commissioner is hereby authorized to charge any deficiency or credit any excess to Deposit Account No. 14-0112". This statement should have been relied upon by Ms. Kidwell to charge the excess claims fees to keep the application from being abandoned, if Ms. Kidwell believed that the response with the substitute specification under 37 C.F.R. § 1.125 did not comply to remove the additional claims, since the Notification clearly stated there was a lack of fees, and that nothing else was deficient in the application.

Applicant did not receive any notice indicating the response submitted to the Notification of Insufficient Fees was incomplete or improper. The applicant believed their response to the notice was complete until the Notice of Abandonment was received nearly eight months later.

Furthermore, Ms. Kidwell states in the Notice of Abandonment, that Applicant failed to respond to the notification of Missing Requirements mailed June 27, 2008. Applicant cannot find a notification of Missing Requirements mailed on that date. It is believed the notification that Ms.

Kidwell is referring is the Notification of Insufficient Fees mailed June 27, 2008.

Submitted with this petition are the following exhibits referenced in the preceding paragraphs:

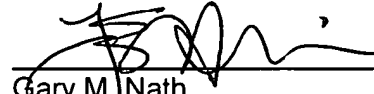

- Exhibit "1" date stamped filing receipt showing items filed with national phase entry on September 18, 2006, (1 page);
- Exhibit "2" Transmittal Letter Concerning a Filing Under 35 U.S.C. 371, (3 pages);
- Exhibit "3" Notice of Acceptance of Application Under 35 U.S.C. 371 mailed June 24, 2008, (2 pages);
- Exhibit "4" Official Filing Receipt mailed June 24, 2008 (2 pages);
- Exhibit "5" Notification of Insufficient Fees mailed June 27, 2008 (2 pages);
- Exhibit "6" Letter Regarding a New Notice mailed June 27, 2008 (1 page);
- Exhibit "7" date stamped filing receipt showing Response to Notification of Insufficient Fees filed August 7, 2008 was filed with copies of Substitute Specification and Marked-up Copy of Specification (1 page);

Conclusion

Applicant believes a bona fide attempt to respond to the Notification of Insufficient Fees was made. If it is believed by the examiner that Applicant did not respond fully to the Notice and that claims were to be presented separately and not as part of the substitute specification, the applicant respectfully requests that the Notice of Abandonment be withdrawn and that Applicant be given a new time period in which to reply with a compliant response.

While Applicant does not believe a fee is due with this petition, if the examiner determines that a fee is due, please charge any fee deficiency to Deposit Account No. 14-0112.

Respectfully submitted,

RESPONSE TO NOTIFICATION OF INSUFFICIENT FEES

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Exhibit (8)

Sir:

In response to the Notification of Insufficient Fees, mailed June 27, 2008, submitted herewith for filing in the U.S. Patent and Trademark Office is the following:

1. Statement Under 37 CFR S 1.125;
2. Clean Substitute Specification and Drawings; and
3. Marked-up copy of Specification and Drawings.

The applicant, through the undersigned attorney, believes that the substitute specification submitted here with removes the additional claims that were noted on the Notification of Insufficient Fees.

In the substitute specification submitted herewith, there are a total of 28 claims and three independent claims. The multiple dependencies are eliminated by the substitute specification.

Thus there are only 8 additional claims over 20, and not 67 total claims over 20 as mentioned in the Notification. On September 18, 2006, check no. 2860 for the amount of \$1,340 was paid to the USPTO. Therefore, the applicant believes all fees that are due have been paid to the USPTO for 28 total claims.

If the examiner does not agree with the assessment provided herewith, or if the Examiner has any questions or wishes to discuss this matter, kindly telephone the undersigned attorney.

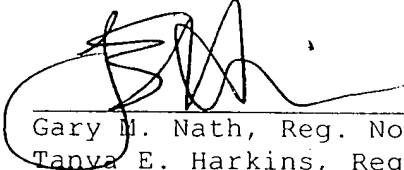

The Commissioner is hereby authorized to charge any deficiency or credit any excess to Deposit Account No. 14-0112.

Respectfully submitted,

THE NATH LAW GROUP
